New Team System

Form a PvP team of up to six players, utilize the specialized group chat function, and choose an insignia to represent the party. Compete against other teams in brand-new ranked matches.

Ananta Beast Tribe Quests

The Vira, one of the tribes of snake-like Ananta, have long supported the efforts of the Resistance by sending warriors to bolster their ranks. One such battlemaid is Alpa, the broodmother's daughter, who makes up for her lack of prowess in combat with her courage and ingenuity. She dreams of making a grand contribution to the Resistance, but many bizarre and perilous trials must be overcome before her plans can come to fruition.
